

December 5th, 2012

Despite the crisis, Presans is growing: increasing number of talented collaborators, increasing number of projects and satisfied clients and about to launch a new version of the world most advanced expert management system!

Experts in ultra-thin glass or computational optics: 24 000€ to be earned for two short consulting projects with Presans

PRESANS has recently launched two new public worldwide **Calls for Expertise**: we are currently seeking for experts in

- **(ultra) thin glass**: Survey of inventive and innovative activity based on exploitation of ultrathin glass
- **Coputational optics**: Survey of non-conventional optical systems with coded diffractive valve as applied for scenery interpretation.

If you are interested, please register on www.presans.com/x-call. Their is 24 000€ to be earned for the two short consulting projects.

More information on our website: www.presans.com/x-call.

Trust within the (French) pact for competitiveness

PACTE POUR LA COMPÉTITIVITÉ DE L'INDUSTRIE FRANÇAISE

Promoting innovation and quality, entrepreneurship and risk-taking, breaking down barriers and working together, developing skills and (re)giving a taste for technical progress, opening new spaces for dialogue and stimulating collective intelligence. Here are all the ingredients to mobilize forces in the country and in particular its youth. This is where confidence and optimism will come from, and therefore success.
